## REPORT OF THE TOWN HISTORY COMMITTEE.

---

The death of the Rev. Moses T. Runnels in March 1902 compelled the employment of a new Historian. The Rev. J. L. Merrill was engaged, but he had hardly entered upon his work when ill health forced him to relinquish it. The committee then conferred with the Hon. Ezra S. Stearns, now a resident of Fitchburg, Mass., but a New Hampshire man, well known as an expert genealogist and an experienced historiographer. Finally an agreement was reached by which Mr. Stearns was to complete the volume of genealogy, write the volume of annals and supervise the publication of the entire history. For these services he was to receive twelve hundred dollars. Partial payments were to be made from time to time as the needs of Mr. Stearns required and the money furnished the committee by the town permitted, but final payment was to be deferred until both volumes were printed and ready for distribution. Mr. Stearns began his task at once. The following extract from a letter recently received from him by the committee shows what progress has been made.

“Since I began work on the History of Plymouth I have had no other employment and no care which has demanded time or attention.

At this time I have copy for 600 pages. The whole family register and the volume of family records is about complete. There are several places in the copy that I hope to fill more fully and I am seeking new and additional facts.

It is my plan to begin at once on the volume of town history and have the other volume at hand ready for amendment as facts are secured.

There are a few chapters of the town history that can be written out with the facts and papers in my possession,

but several chapters cannot be completed until I have made a study in Plymouth.

It has been my purpose from the first to get the work in shape so I could be in Plymouth in May and June next—and of course at other times as conditions dictated.

If desired I can hand the two volumes to the committee completed (that is, a complete manuscript copy) about February 1, 1904 but I should prefer to put in a little more time. You desire a complete work and I have a reasonable ambition to make it complete."

It is not the intention of the committee to ask for any additional money at the coming town meeting but in 1904 about five hundred dollars will be needed for the final payment to Mr. Stearns. It is desirable that the authority given the selectmen last year to guarantee the cost of printing whenever a volume is ready for publication be continued during the coming year.

Respectfully submitted,

FRANK W. RUSSELL, Chairman,	} Committee.
